South Korea continues giving flu shots despite 48 deaths ...

Since class distinction has declined, Koreans today seldom decide funeral dates based on the deceased's social status, and rather tend to hold the funeral on the third day after death. In modern Korean funerals, no eulogies are held. Visitors bow twice to the deceased and once to the mourner with words of condolences to show respect.

Korean traditional funeral - Wikipedia

Bloomberg L.P. analyzed the reason for the low death rate in South Korea. South Korea experienced serious difficulties during the outbreak of MERS in 2015 due to a lack of test kits. Afterwards, the country approved rapid deployment of COVID-19 test kits, and now they are able to test more than 10,000 people a day.
