A Military History Of The

This is an extremely well-written history of the western world. Although it purports to be merely a military history, it is really much more than that. Fuller doesn't just describe battles, he gives an explanation of the social causes and consequences of those battles, and places them in the larger context of human history.

A Military History of the Western World: From the Earliest ...

Military history is a humanities discipline within the scope of general historical recording of armed conflict in the history of humanity, and its impact on the societies, cultures and economies thereof, as well as the resulting changes to local and international relationships.

Military history - Wikipedia

The military history of the United States spans a period of over two centuries. During those years, the United States evolved from a newly formed nation fighting Great Britain for independence (1775-1783), through the monumental American Civil War (1861-1865) and, after collaborating in triumph with the Allies during World War II (1941-1945), to world superpower from the late 20th century to present.

Military history of the United States - Wikipedia

The Second World War was the deadliest war in history. It involved more than 30 nations and was the cause of an estimated 50-60 million military and civilian deaths. Six million of those killed were Jews in Nazi concentration camps. The Second World War lasted six long years.

Read Book A Military History Of The Western World

The problem with military histories, as with action films, is that they tend to be tedious--endless accounts of blunders, bloodshed and futile justifications for the worst impulses of human history. This book sends one clear message though-"Don't mess with the Afghans--it's like trying to kiss a rattlesnake."

presidential elections, and other important topics.

US & Military History

For much of the Army's history in the 19th Century, the naming of posts was still mainly a local prerogative. For example, War Department General Order Number 79, dated 8 November 1878, left the naming of installations to the commander of the regional Military Division in which the installation was located.

Frequently Asked Questions - Naming Army Installations

Military History The United States armed forces date to 1775, when America needed a defense force to protect the original 13 colonies from a British invasion. Today, there are five branches: The United States Army is the oldest (established June 14, 1775) and largest of the five branches.
