A Trace of Moonlight by Allison Pang is the third installment of the Abby Sinclair series. It also happens to be my favorite so far. A Trace of Moonlight was action packed and thoroughly original. Abby is stuck smack dab in the middle of a full out catastrophe. Abby gives so much without much thought to the consequences that could fall upon her.

I think A TRACE OF MOONLIGHT has been a difficult review for me because it's such a transitional book. The majority of plot threads established in the previous installments of the Abby Sinclair series reach a boiling point and things get more than a little crazy. There's a lot of story packed into this one!

"Moonlight" is in most ways a completely different film. It tells a sprawling story from America's depths, and it deals with a young man who comes to understand that he's gay.
