An Enquiry Concerning The Principles

An Enquiry Concerning the Principles of Morals is a book by Scottish enlightenment philosopher David Hume. In it, Hume argues that the foundations of morals lie with sentiment, not reason. An Enquiry Concerning the Principles of Morals is the enquiry subsequent to the Enquiry Concerning Human Understanding. Thus, it is often referred to as "the second Enquiry". It was originally published in 1751, three years after the first Enquiry. Hume first discusses ethics in A Treatise of Human Nature. He

About Concerning the Principles of Morals

Although An Enquiry Concerning the Principles of Morals can be clearly understood without previous reading of Hume's other works, it is an application to ethics of the theory of knowledge and...

An Enquiry Concerning the Principles of Morals Analysis ...

The principles of morality would in that case be as eternal as the laws of mathematics. But if moral judgments are derived from the feelings, they do not remain constant. They will be as variable as the moods and sentiments of the individuals who make them. The issue is a crucial one so far as the status of moral principles is concerned.
