Glucose and dextrose reach the blood as 100 percent glucose, making them ideal choices for hypoglycemia. Table sugar is made of one glucose molecule and one fructose molecule and has only half as much glucose as glucose tabs. Fruit juices, like orange juice, contain a bit less glucose, take longer to raise the glucose, and are often over-consumed.

Treating Low Blood Sugars Quickly and Accurately ...

High blood sugar may be a sign that the baby has added stress on the body due to problems such as an infection or heart failure. Exams and Tests. A blood test will be done to check the baby's blood sugar level. This can be done with a heel or finger stick at the bedside or in a health care
