Chapter 15 Primer - APWH

January 24, 2018. Cultural Transformations: Religion and Science (1450-1750) The marriage of Greek rationality and monotheistic tradition set up the modern Western cultural civilization. Though Europeans were "central players" (644) in the rising of these two cultural trends, Strayer does not leave out the other civilizations and religious traditions that experienced cultural transformations too during this era that other texts are likely to skip over.
