Tobias Carlisle: "Deep Value Investing" | Talks at Google

Why? Exactly because they're so unattractive in every imaginable way, they're extremely cheap. Since they're trading far below intrinsic value they're eligible to offer marvelous returns. Remember, investors are not rewarded for picking sound businesses; they're rewarded for exposing discrepancies between price and value.

Deep Value: Why Activist Investors and Other Contrarians ...

In chapter two Carlisle provides the foundation upon which all deep value activists live: the true value of a company is not the same as the price. An activist attempts to buy shares of a company whose price is much less than its' intrinsic value. This difference is known as the margin of safety in value investing.
