Experiment Independent Variable Dependent Variable Control Group Experimental Group 1) Students watched a cartoon either alone or with others and then rated how funny they found the cartoon to be. Watching cartoon with others How funny you find the cartoon Students who watched the cartoon alone Students who watched the cartoon with others

Chapter 2: Practice Worksheet Experiment Independent ...

The three variables in this study include course difficulty, drug administration, and course time. Both course difficulty and drug administration are independent variables and course time is the dependent variable. Each independent variable has two levels (there were two groups), thus, this is a 2x2 factorial design. 2.
