An Introduction To Logic Im Copi 13th Edition

Traditional logic. In traditional logic the process of contraposition is a schema composed of several steps of inference involving categorical propositions and classes. A categorical proposition contains a subject and predicate where the existential impact of the copula implies the proposition as referring to a class with at least one member, in contrast to the conditional form of hypothetical ...

Contraposition (traditional logic) - Wikipedia

Many if not most students of philosophy over the past 50 years have had their beginning logic training from an edition of this book, 'Introduction to Logic' by Irving M. Copi, now in its eleventh edition, also now with a co-author listed, Carl Cohen.
