Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Left Stop Adjustment Or Hard Stop on Your Rainbird 5000 Sprinkler Head. To do this you will need to physically turn the entire head to align it where you want the left side to spray. Using a pair of Channellock Pliers, rotate the entire head to the right, and align the head where you want the left side to stop. Why turn it to the right?

5 Steps in Adjusting a Rainbird 5000 Sprinkler Head ...

For adjusting Rainbird 5000, hold that small tower and point the nozzle at the fixed left stop and then insert a small flat head screwdriver into the adjustment slot of that arc. It will be on the different side of the head of the sprinkler from the nozzles. Turn the flat head screwdriver clockwise, to the + sign, to increase the arc.
