However, they were allowed to have toilet paper. So, on thousands of squares of toilet paper, Albert Speer wrote his diary in tiny letters so small that they could hardly be seen, which he was then able to pass to his relatives when they visited him. By the time Speer was released on September 30, 1966, twenty years later, there were more than twenty thousand pages of secret diaries just waiting to be edited and published, but it took him another ten years before he could bear to look
