Vds 3 Volvo Engine Oil

Volvo Drain Specification (VDS) for VDS-3 and VDS-4 oil. VDS defines the Volvo Group requirements on engine oil specifications to ensure protection against e.g. cylinder-polishing, ring wear, camshaft/ valve train wear, high oil consumption. The VDS Standards defines the usage of engine oil in Volvo Penta engines requiring VDS approved oils as defined in the operator's manual.

GPO Motor Oil | Lubriplate Lubricants Co.

VDS 2 is what was originally specified for the engine. VDS 3 is a newer, higher grade of oil. VDS 2 meets ACEA 3 specifications. VDS 3 meets ACEA 5 specifications. The specifications are for smog and emissions rules and standards. ACEA is the European authority on this. I am in the USA, and over here our counterpart to that is API . The 3 is just a better grade of oil than the 2. But the engine was originally designed to run on the 2.
